

**AATM Fall Conference
ASU Memorial Union**

**October 17, 2009
Tempe, Arizona**

Attention Educational Representatives!

The Arizona Association of Teachers of Mathematics will hold its Annual State Mathematics Conference on Saturday, October 17, 2009, at the ASU Memorial Union, in Tempe for teachers of grades K - 14. Onsite registration for the Conference begins at 7:00 a.m. with the program beginning at 8:00 a.m. Early setup will begin at 6:00 a.m.

We're limited by ASU to only 70 tables this year. AATM will work with vendors on a *first-come-first-serve* basis, based on the postmark of your registration form.

Teachers are continually searching for new and innovative ways to approach the teaching of mathematics. They are interested in activities designed to improve math instruction in the classroom including the use of manipulatives, technology, cooperative learning, critical thinking, assessment, and integrated math with other subject areas. This would be a prime opportunity for your company to display materials and make teacher contacts. As you know, K-6 teachers work in all disciplines, so any and all material displays are welcome.

We invite you to join us on October 17th to share your materials and ideas. The vendor area this year is scheduled for the Ventana room. This is a very large, spacious room. There will be a charge of \$80 per table. Assignment of your table(s) will be based on first come, first assigned basis. A drawing will be held after the last afternoon session and I encourage you to include promotional items or merchandise from your company in the raffle.

If you would like to join us on this day, please complete the attached exhibitor registration form and return it to me along with your check made payable to AATM no later than September 25, 2009. If you have any questions, please feel free to email me: eanderson.mdn@tuhsd.k12.az.us. Last year we were able to coordinate with ASU to receive and store materials up to one week prior to the conference. Call or email for details.

We will have a limited number of Publisher Sponsored sessions. Complete the "Call for Speaker" form ASAP. This can be found at the AATM web site. (www.aatm.org) We would also like to provide a web link for your company on our web site. Here is the link from last year's conference (http://www.aatm.org/vendor_page.htm)

I look forward to your participation-- your help will make it a great conference!
